## EDUCATION

<b>Shiv Nadar University</b> <i>B.Tech in Computer Science; CGPA: 6.84</i>	Greater Noida, India 2021 – 2025
<b>Ryan International School</b> <i>Class X: 92%; Class XII: 92% (Science)</i>	India 2019 – 2021

## PROJECTS

GatherGrid — JavaScript, HTML, CSS, Flask • Developed a web application to help users find hackathons and collaborate with team members. • Incorporated web scraping to collect hackathon data and machine learning for team recommendations.	Sept. 2023 – Nov. 2023
GardenGuardians — Node.js, MySQL, HTML, CSS, JavaScript • Built a plant management web application featuring a Node.js backend and a MySQL database. • Designed user-friendly front-end interfaces for efficient plant collection tracking.	Aug. 2023 – Dec. 2023
Weather App — JavaScript, HTML, CSS • Built a simple web application that fetches real-time weather data using an API and displays it in a user-friendly interface. • Implemented basic styling and interactive features to ensure a clean and responsive design.	Sept. 2022- Oct.2022
SmartExpense+ — JavaScript, Node.js, Python, Flask, HTML, CSS • Developed an expense management tool that allows users to track and predict their monthly expenses. • Implemented predictive analytics to forecast next month's expenses and provide actionable insights. • Included basic recommendations to help users manage their finances effectively.	Feb. 2024- Apr. 2024

## EXPERIENCE

<b>Corporate Serve Pvt. Ltd.</b> <i>Web Developer Intern</i> * Maintained databases, updated websites, and contributed to new website development. * Applied database management concepts using SQL in real-world scenarios.	New Delhi, India Aug. 2023 – Sept. 2023
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------

## SKILLS

<b>Languages</b> <i>Frameworks &amp; Tools</i>	C, Python, Java, JavaScript Node.js, Flask, MySQL, HTML, CSS
---------------------------------------------------	-----------------------------------------------------------------

## COURSES

Data Structures and Algorithms  
Operating Systems  
Database Management Systems  
Object-Oriented Programming

## CERTIFICATIONS

<b>Introduction to Cybersecurity Tools and Cyber Attacks</b> <i>Nov. 2022</i>	Coursera
